Tough Stuff

Since 1948 it has been our Flagship CLEANING CHEMICAL. It truly is an all purpose Industrial strength biodegradable degreaser and SURFACE CLEANER. Our customers currently use "Tough Stuff" as a solution to a wide range of industrial, commercial and even household cleaning challenges.

HOT STUFF DEGREASER

Our heavy duty heavy degreaser is a premium quality soap with a liquid cleaning compound designed for heavy equipment washing applications. When pine sap, road film and grease are primary problem and minimal brushing is desired, Hot Stuff is the heavy equipment washer's most efficient and effective, non-oil soap.

Nitrile Black 5M Glove

Premium industrial glove. Perfect for warehouse and mechanic service technicians.

JOIN THE MOVEMENT!

We deliver sanitation chemicals using containers that are reused via our Returnable Container program.

NO PLASTIC WASTE-IMPROVES YOUR BOTTOM LINE.

- We use UN rated DOT approved containers that can be reused
- We have our own delivery fleet to allow us to do this
- We deliver our chemicals using these special containers and their capacity size is larger than conventional 5g pails to address resupply feasibility
